Contribution list

Group 6:

Longxuan Zhao 301385113

Junchen Li 301385486

Jianan Xu 301368689

Weilong Xu 301385645

Zikun Zhang 301386607

We conduct zoom meetings in each assignment to analyze and reasonably assign tasks to team members. Each team member can equally assign tasks and allocate contribution values in a balanced way according to the difficulty of content. In all tasks, each team member contributes about 20%. Group members reached a unified consensus through communication. And previewed and modified each part in the final integration.

Document	Name	Content
BRS v1.0	Weilong Xu	Introduction Reference Business environment requirements Project Constraints. Generate the document and modified the style.
BRS v1.0	Longxuan Zhao	Business operational requirements
BRS v1.0	Jianan Xu	Modified Business operational requirements for Business operational modes and quality and structure. Modified business process
BRS v1.0	Junchen Li	Preliminary operation of proposed system
BRS v1.0	Zikun Zhang	Other preliminary life-cycle concepts

Document	Name	Content
stRS v1.0	Weilong Xu	Introduction Reference Business management requirements Project Constraints. Generate the document and modified the style.
stRS v1.0	Longxuan Zhao	Business management requirements
stRS v1.0	Jianan Xu	Modified Detailed Life-cycle concepts of proposed system. Add Appendix. Modified the Overview
stRS v1.0	Junchen Li	Detailed Life-cycle concepts of proposed system. Modified the Stakeholder scope.
